

KBON is working very hard to preserve our local music, heritage & culture, while we broadcast locally on 101.1FM and worldwide at <http://www.kbon.com>. We pride ourselves on "PUBLIC SERVICE"! We probably do more public service than most radio stations on the air!

We represent ALL the people in our local broadcasting range, with community service announcements as well as the music representing our complete area. As Mr. Gene Chambers of LeBeau, La. stated "What I like about KBON is, it's not a "white" station or a "black" station. It's a "people" station".

Here are some KBON Facts:

- * KBON 101.1FM was the first major radio station to promote Louisiana recording artists everyday; "variety with a Louisiana flavor" as part of it's regular daily format.

- * KBON 101.1FM (<http://www.kbon.com>) is one of the most listened to radio stations in the world on the internet.

- * KBON 101.1FM studios in Eunice, Louisiana is probably the most visited radio station in the world. Thousands of people from around the world have come to tour the station and enjoy it's antiques, artifacts and the famous "Wall of fame".

- * KBON was recently featured in The Washington Post as well as on the MSNBC website and in newspapers in Anchorage, Alaska, Atlantic City, N.J., Paradise, California, Palm Beach, Florida, Sarasota, Florida, Bradenton Florida, The Philadelphia Inquirer, The Houston Chronicle, The Dallas Morning News, The New Orleans Times-Picayune, and even given a nice plug in the National Geographic Travel Magazine.

- * KBON was also featured in The New York Times as well as receiving a four page feature story in Chile Peppers Magazine, plus magazines in France, Canada, and Germany. KBON has also been the featured subject in film news stories in Canada, France and most recently Italy.

LPB is doing a feature story on KBON to air through-out Louisiana. Filming is to be Thursday morning, December 2nd. We will have live music in our studio that morning including Creole/Cajun musician Golden Thibodeaux, Fiddler Hadley J.Castille & "The New Breed" Jamie Bergeron.

NOTE: About 70% of the music on KBON is the music of Louisiana recording artists, including much from our local musicians.
